

# Inclusive Innovation Offerings

**Inclusive Innovation**  
**fosters creative**  
**collaboration for**  
**sustainable development.**

# WHY IS IT YOU NEED TO COLLABORATE?

To **scope + connect** around a complex challenge.

*Because we need our stakeholders fully understand and connect around the scope of our challenge.*

To **innovate** around a challenge.

*Because we need to create innovative and impactful solutions to our most pressing challenges.*

To **kickstart** a programme or project.

*Because we need to launch our initiative and uncover the best ways to work together towards a shared vision.*

To **exchange** insights and experiences with one another.

*Because we need to help our community of practise better learn from each other.*

To **build** team spirit and strategy.

*Because we need to enhance our capacity to collaborate as a team and solve our ongoing issues.*

To **learn** collaborative tools and leadership styles.

*Because we need to build the collaborative leadership capacity of our team.*

# WHY IS IT YOU NEED TO GET PEOPLE TO COLLABORATE ?

To **SCOPE + CONNECT** around a complex challenge.

*Because we need our stakeholders fully understand and connect around the scope of our challenge.*

**SCOPING  
DIALOGUES  
WORKSHOPS**

**STRATEGIC TEAM  
RETREATS**

To **LEARN** collaborative tools and leadership styles.

*Because we need to build the collaborative leadership capacity of our team.*

**COLLABORATIVE  
LEADERSHIP LABS**

# SCOPING DIALOGUES WORKSHOPS

How might our stakeholders fully understand and connect around the scope of our challenge?

## We'll help facilitate and foster:

- Inclusive conversations with diverse stakeholders to explore and define the challenge at hand.
- Networking activities to connect people and socialize key aspects of the challenge.
- Creative sessions to map out the landscape, identifying who and what is involved, and key sub-challenges.

## By the end, you'll have:

- A clear, agreed-upon problem statement.
- A defined scope outlining the challenge's boundaries.
- A review of the challenge's landscape, including key stakeholders, barriers, and sub-challenges.
- A connected community of diverse stakeholders engaged around the challenge.

## INNOVATION LABS

How might we create innovative and impactful solutions to our most pressing challenges?

### We'll help facilitate and foster:

- An immersive experience where diverse stakeholders generate and refine project ideas in real-time.
- A problem-solving approach based on creative theory and behavioral science, using methods like Creative Problem Solving, Design Thinking, and Appreciative Inquiry.

### By the end, you'll have:

- Actionable, fundable projects that address key challenges.
- Enhanced skills and knowledge to continue using our collaborative toolkit for long-term impact.
- A trusted, engaged community of diverse practitioners to sustain ongoing collaboration.

## INCEPTION WORKSHOPS

How might we kickstart our initiative and uncover the best ways to work together towards a shared vision?

### We'll help facilitate and foster:

- Interactive activities to build team cohesion and align strategies in your project's early stages.
- Discussions to ensure everyone understands the project's background, scope, and approaches.
- The generation of new ideas and potential collaborations within the project.

### By the end, you'll have:

- A clear understanding of the initiative's goals, scope, and partner roles.
- A detailed, actionable plan ready for launch.
- Enhanced skills in using our collaboration toolkit for ongoing teamwork after the workshop.

## PEER-EXCHANGE WORKSHOPS

How might our community of practise better learn from each other?

### We'll help facilitate and foster:

- Learning interactions among diverse projects or communities within a shared program.
- A collaborative environment for peers to engage across different cultures, languages, sectors, or disciplines.
- An interactive learning space focused on relevant cross-cutting themes.
- Opportunities to create and implement new collaborations and partnerships.

### By the end, you'll have:

- An informed, active community enriched by shared knowledge and diverse experiences.
- An energized community of practice, motivated to continue their collaboration.

## STRATEGIC TEAM RETREATS

How might we enhance our capacity to collaborate as a team and solve our ongoing issues?

### We'll help facilitate and foster:

- Strategic discussions to align organizational goals and priorities.
- Activities to boost team cohesion and shared vision.
- Exploration of challenges and opportunities facing the organization.
- Decision-making processes to set strategic directions.

### By the end, you'll have:

- Clearly defined strategic goals and priorities.
- A team aligned with a shared understanding of the strategic plan.
- Actionable initiatives to achieve objectives.
- Enhanced team morale and motivation to execute the plan effectively.

# COLLABORATIVE LEADERSHIP LABS

How might I build the collaborative leadership capacity of my team or community?

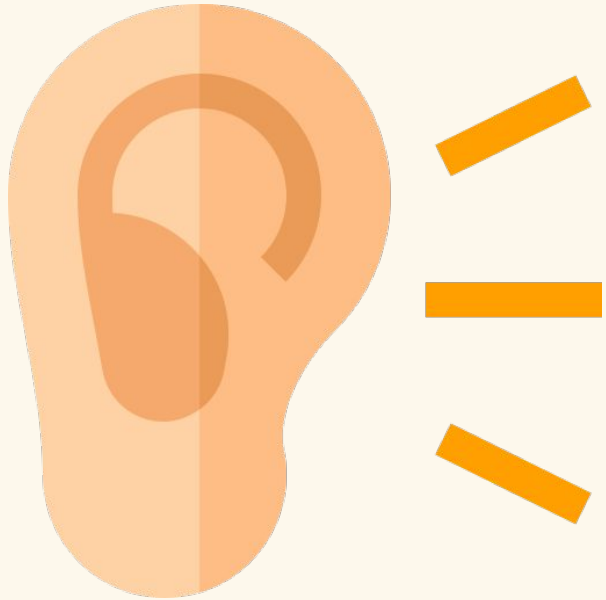

## We'll help facilitate and foster:

- Exploration of how the collective leadership framework and IL's toolkit can enhance your leadership journey.
- Cross-boundary connections to tackle complex challenges.
- A supportive space for emerging leaders to explore and reflect on their leadership style.
- Opportunities to discover and develop your capacity to reflect, inquire, empower, and connect.

## By the end, you'll have:

- Experience in a co-creative process informed by creative theory and behavioral science for effective team collaboration.
- Enhanced leadership skills and practical tools from immersive activities.
- A network of engaged future leaders ready to collaborate beyond the Leadership Lab.

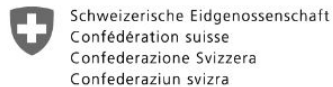

Does this resonate & align with your work and needs?

Inclusive Innovation has a team made up of skilled facilitators from 28 countries on 6 continents, and between them having mastery in 25 languages.
